

## QUESTIONS FOR CELLS AND LIFE GROUPS 2<sup>nd</sup> Sept 2007

Read **Galatians 2:14-21**

*'who loved me and gave himself for me.'* V.20

Let the wonder of that **me** sink in as you spend time in thanksgiving and praise for God's love and especially the cross.

Read **Gal 1:12-16** *'But then something happened.'* Share your own conversion stories. What happened?

In the light of this passage, do we need to think again about the radical nature of what happened. Maybe even take it in turns to say, **'I have been crucified. I died with Christ.'**

What is the evidence of this death and resurrection? How will people know Christ lives in **me**?

Have a time of prayer ministry for a fresh filling of the Spirit of Jesus.

What can your cell do to demonstrate the life of Jesus to your network of friends? (One cell did someone's garden. Now they are coming to church and signed up for Alpha. It is not rocket science!)

Keep the balance –

**Welcome, Worship, Word, Wind, Witness**
