

MISSION PARTNERS 2025

As a church we believe in God's generosity and one of the ways we express that is by giving away to partner organisations locally, nationally and internationally to support their work. These are long term partnerships with charities whose vision we believe matches our own and takes God's love to those most in need. We intentionally have a range of partners, whose work represents the breadth of God's love for all in diverse ways.

These partnerships are about more than sending money, (although we count it a privilege to be able to support financially), each partner has a link person in St Chads and we seek to keep up with what they are doing in different ways. This includes praying for these partners and sharing about their work at suitable opportunities.

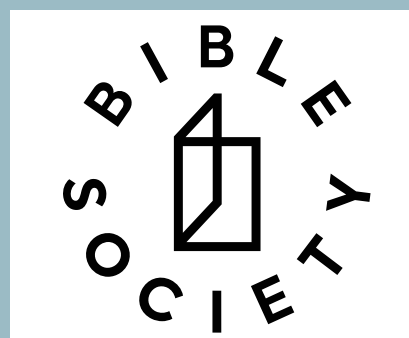

This document is an introduction to most of our partners, for various reasons it isn't appropriate for us to share details of all of them in this format. We want to share this with you as part of our shared connection with them as a church.
